*The insurance thousands of horse owners have counted on for decades, Markel's All Risk Mortality just got easier and more affordable.*

### **Making it Easy**

- We've expanded our Hassle Free Mortality\* program to horses valued up to \$50,000 with no vet certificate required.
- We have extended our Medical/Surgical coverage to foals beginning at 31 days old and horses 16, 17 and 18.
- Most renewal policies with horses valued up to \$100,000 may not be required to obtain a vet exam.

### **Making it More Affordable**

- Mortality rates have been reduced for several breeds, uses and values
- Less expensive to add new coverages to your policy during the policy period.

### **Adding Value**

- Medical/Surgical coverage increased from 60% to 75% for diagnostic testing(s) and therapeutic(s) for non-surgical lameness conditions/injuries if they are deemed necessary by the attending veterinarian(s).
- FREE **Emergency Colic Surgery Coverage**, (\$2,500 limit) is now included on all eligible policies.

*\*Some restrictions apply. All breeds and disciplines are not eligible. Visit our website for more information.*
